CARPENTERS TO GET INCREASE IN WAGES

Commissioners Announce Approval of Schedule Effective Next July.

Approval of a schedule for increased wages for carpenters employed under the superintendent of repairs of the District, effective July 1, 1916, is announced by the District Commissioners in a letter to John P. Colpoys, secretary of the Central Labor Union.

Under the present schedule carpenters employed in the repair department are receiving 50 cents an hour, whereas private contractors and corporations are paying 50 cents an hour for the same kind of labor.

"The Commissioners have carefully considered whether it would be practicable to put the new schedule into effect at once, but they find that the several appropriations authorized for repairs in the District during the current fiscal year are not even sufficient to accomplish all needed repairs in the buildings," says the communication sent to Mr. Colpoys, announcing the approval of the new schedule.
